

## Senior Lecturer / Lecturer (Ecology / Evolutionary Biology)

[Continue Application](#)

Camperdown Campus

Full time

Posted 14 Days Ago

0121171

- 2 x full time, continuing teaching and research positions in the Ecology, Evolution, and Conservation Theme in the School of Life and Environmental Sciences
- Located on the Camperdown Campus at the University of Sydney
- Exciting opportunity for talented and motivated scientists (one ecologist, one evolutionary biologist) to join the Faculty of Science
- Base Salary, level B/C \$122,830 - \$173,492 p.a. + 17% superannuation

### About the opportunity

The [School of Life and Environmental Sciences \(SOLES\)](#) is seeking one Lecturer / Senior Lecturer (Teaching and Research) in Ecology and one Lecturer / Senior Lecturer (Teaching and Research) in Evolutionary Biology. Applicants from any area of ecology or evolutionary biology, particularly those working on animals or plants, are invited to apply.

Working within the Ecology, Evolution, and Conservation Theme and reporting to the Head of School, the key responsibilities of the successful candidates will be to:

- develop and lead a high-quality research program that complements and enriches the existing strengths and expertise within the School
- contribute positively to the scholarly and teaching activities (undergraduate and postgraduate) of the School, Faculty, and broader University community.

The position is 40:40:20 (Research: Teaching: Governance/Leadership/Engagement)

This is a wonderful opportunity to join the University of Sydney – Australia's first university – at an exciting and innovative time with the development of a new strategic plan, which will build upon our outstanding global reputation of education and research excellence. SOLES brings together academics from across a broad range of disciplines to understand and solve important global challenges, particularly those associated with sustainability and conservation. Key undergraduate teaching majors include ecology and evolutionary biology,

genetics and genomics, marine science, microbiology, plant science, soil science, animal and veterinary science, and agriculture.

## About you

The University values courage and creativity; openness and engagement; inclusion and diversity; and respect and integrity. As such, we see the importance of recruiting talent aligned to these values and are looking for two **Lecturers / Senior Lecturers (Teaching and Research)** who have:

- a PhD in Ecology, Evolutionary Biology, or related field
- a demonstrated research track record of research excellence in ecology or evolutionary biology as evidenced by national and international publications in this field
- a demonstrated track record in securing research funding
- a developing network of relationships with key academic, industry, and professional organisations
- a demonstrated track record of teaching in ecology or evolutionary biology including lectures, tutorials and laboratory-based practical classes in a variety of face-to-face and/or hybrid and online modes
- experience in research supervision including Honours and Higher Degree by Research students
- excellent time management, demonstrated written and oral communication skills, and collegiality
- experience of relevant Work, Health, and Safety requirements and management.

Desirable selection criteria are:

- recognition of standing in the field as evidenced by competitive fellowships, awards, and prizes
- having a demonstrated capacity to stimulate, actively engage, and educate undergraduate students using a range of media and through excellent communication skills.

## Pre-employment checks

Your employment is conditional upon the completion of all role-required pre-employment or background checks in terms satisfactory to the University. Similarly, your ongoing employment is conditional upon the satisfactory maintenance of all relevant clearances and background check requirements. If you do not meet these conditions, the University may take any necessary step, including the termination of your employment.

## EEO statement

At the University of Sydney, our shared values include [diversity and inclusion](#) and we strive to be a place where everyone can thrive. We are committed to creating a University community that reflects the wider community that we serve. We deliver on this commitment through our people and culture programs, as well as key strategies to increase participation and support the careers of [Aboriginal and Torres Strait Islander People](#), [women](#), [people living with a disability](#), [people from culturally and linguistically diverse backgrounds](#), and those who identify as [LGBTIQ](#). We welcome applications from candidates from all backgrounds.

## How to apply

Applications (including a cover letter, CV, and any additional supporting documentation) can be submitted via the **Apply** button at the top of the page.

Candidates should indicate which level they wish to apply for; however, the selection panel reserves the right to make offers based on its appraisal of the candidate's skills, experience, and knowledge.

For employees of the University or contingent workers, please login into your [Workday](#) account and navigate to the Career icon on your Dashboard. Click on USYD Find Jobs and apply.

For a confidential discussion about the role, or if you require reasonable adjustment or any documents in alternate formats, please contact Simon Drew, Recruitment Operations, Human Resources at [recruitment.sea@sydney.edu.au](mailto:recruitment.sea@sydney.edu.au)
